

Premium Iranian Pistachios
Naturally Perfect, Globally Preferred

About Atrin Trading

Established in 2017, Atrin Trading Company is a trusted Iranian exporter specializing in premium nuts, dried fruits, and natural food ingredients. With a strong focus on quality, consistency, and customer satisfaction, we have built long-term partnerships in markets across the GCC countries, CIS region, and Europe.

Our competitive advantage lies in direct sourcing from farms, strict quality control, and flexible packaging solutions tailored to client needs. Backed by a professional export team and necessary certifications, Atrin handles the entire export process from A to Z including sourcing, quality checks, documentation, logistics, and customer support.

We are committed to delivering the authentic taste of Iran to the world.

In-Shell Pistachio

LONG TYPE-AKBARI

Shape: The kernels are elongated and large.

Color: The kernels have a bright green color.

Taste: Akbari pistachios have a sweet and highly pleasant flavor, making them popular with consumers.

LONG TYPE- AHMAD AGHAEI

Shape: The shape is oval, and some kernels are split with a natural crack.

Color: The kernel color is a light green with a yellowish tint.

Taste: Ahmad Aghaei pistachios have a mild, sweet flavor, making them suitable for both fresh consumption and drying.

JUMBO TYPE - KALLEGHUCHI

Shape: The kernels are round, large, and robust in shape.

Color: The kernel color is light and bright green.

Taste: Kalleh Ghoochi pistachios have a sweet and delicious flavor, making them a premium choice.

ROUND TYPE- FANDOGHI

Shape: The kernels are round, resembling hazelnuts, which is why they are called “Fandoghi” (meaning hazelnut-shaped).

Color: The kernel color is light green and bright.

Taste: Fandoghi pistachios have a balanced and mild flavor, making them ideal for roasted pistachios and processed products.

Types of In-Shell Pistachios

All in-shell pistachios from Atrin are available in two types:

Naturally Open (NO)

Naturally split on the tree, without any processing.
Ideal for premium markets seeking top quality.

Mechanically Opened (MO)

Manually opened using water and pressure.
A cost-effective option for bulk and industrial buyers.

Both types are offered in various grades and customized packaging.

Pistachio Kernel

KERNEL

Shape: Oval or elongated

Color: Light green to dark green
(depending on the pistachio variety)

Thin Skin: Light brown to reddish-purple

Code 1101

AKBARI Pistachio

Long Type | Premium Grade

Akbari is one of the most luxurious and in-demand pistachio varieties from Iran. Known for its extra-long shape, distinctive appearance, and rich flavor, Akbari is considered a top choice for premium markets and gift packaging. This variety has a high kernel-to-shell ratio, making it not only visually appealing but also economically valuable.

Available Ounce Sizes Akbari Pistachio (In-Shell)

Atrin offers Akbari pistachios in a full range of commercial and premium grades:

- Luxury Grade: 18–22
- Grade 1: 22–26
- Grade 2: 26–30

minimum Order Quantity (MOQ): 5 Tons
Smaller quantities are available upon request but may result in higher unit prices.

Available Flavors & Processing Types

- Raw / Natural (unroasted, unsalted)
- Roasted & Flavored options:
- Saffron
- Salted
- Golpar (Persian Angelica)

Code 1102

AHMAD AGHAEI Pistachio

Long Type | High Demand in Global Markets

Ahmad Aghaei pistachio is known for its long shape, light-colored shell, and uniform appearance, making it one of the most popular Iranian pistachios in Middle Eastern and Asian markets. It is especially preferred for its attractive look and pleasant, mild flavor. This variety is suitable for roasting and flavoring, and is often used in retail packaging, gift boxes, and bulk orders alike.

Available Ounce Sizes Ahmad Aghaei Pistachio (In-Shell)

Atrin offers Ahmad Aghaei pistachios in a full range of commercial and premium grades:

- Luxury Grade: 20–24
- Grade 1: 24–28
- Grade 2: 28–32

minimum Order Quantity (MOQ): 5 Tons
Smaller quantities are available upon request but may result in higher unit prices.

Available Flavors & Processing Types

- Raw / Natural (unroasted, unsalted)
- Roasted & Flavored options
- Saffron
- Salted
- Golpar (Persian Angelica)

Code 1103

KALLEGHUCHI Pistachio

Jumbo Type | Rich Taste & Impressive Size

Kalleghuchi pistachio is widely recognized for its large, round shape and bold appearance. It offers a rich, nutty flavor and is considered a premium choice among Iranian pistachios, especially favored in European and Gulf markets. Thanks to its eye-catching size and superior taste, Kalleghuchi is ideal for snack packs, gift boxes, and luxury product lines.

Available Ounce Sizes Kalleghuchi Pistachio(In-Shell)

Atrin offers Kalleghuchi pistachios in a full range of commercial and premium grades:

- Luxury Grade: 18–22
- Grade 1: 22–26
- Grade 2: 26–30

minimum Order Quantity (MOQ): 5 Tons
Smaller quantities are available upon request but may result in higher unit prices.

Code 1104

FANDOGHI Pistachio

Round Type | The Most Common Export Variety

Fandoghi pistachio is the most widely cultivated and exported variety of Iranian pistachios. Known for its compact, round shape and balanced flavor, it offers excellent value and versatility, making it ideal for bulk buyers and snack brands worldwide.

Due to its high yield, competitive pricing, and strong roasting quality, Fandoghi is a top choice in Europe, CIS countries, and the Middle East.

Available Ounce Sizes Fandoghi Pistachio (In-Shell)

Atrin offers Fandoghi pistachios in a full range of commercial and premium grades:

- Luxury Grade: 28–30
- Grade 1: 30–32
- Grade 2: 32–34

Minimum Order Quantity (MOQ): 5 Tones
Smaller quantities are available upon request but may result in higher unit prices.

Available Flavors & Processing Types

- Raw / Natural (unroasted, unsalted)

Pistachio Kernel

Atrin offers Kernel pistachios in a full range of commercial and premium grades

- Luxury Grade
- Grade 1
- Grade 2

Minimum Order Quantity (MOQ): 2 Tons

Code 1105

LONG Kernel

Produced from Akbari and Ahmad Aghaei pistachios, these kernels are known for their elongated shape, luxury look, and rich taste. Ideal for gourmet products, retail packs, and high-end confectionery

Code 1106

ROUND Kernel

Derived mainly from Fandoghi and Kalleh Ghouchi pistachios, round kernels are compact, well-balanced in flavor, and cost-effective. Perfect for bulk use, snack production, and flavoring applications.

Code 1107

BROKEN Kernel

These are clean-cut pieces of whole kernels, sorted and graded for uniformity. Suitable for pastry, chocolate fillings, and food processing industries.

Code 1108

GROUND Kernel

Finely milled pistachio powder made from fresh kernels. Used in ice cream, baklava, pistachio paste, desserts, and industrial recipes.

Code 1109

SLIVERED Kernel

Thin, uniform cuts of premium green kernels, commonly used as a decorative and flavorful ingredient in desserts, pastries, and gourmet dishes. Known for their bright green color and rich aroma, they enhance both taste and presentation.
